## OBJECTIVE

To obtain a challenging developer position in a dynamic and innovative organization where I can utilize my technical and creative skills to develop and maintain responsive, user-friendly, and visually appealing websites and applications.

## EDUCATION

**Bachelor of Mathematics**, V.O.Chidambaram College                                          2019 - 2022
**Relevant Coursework:** Team Leadership, Puzzle Solving, Complex Coding.

**Higher Secondary Exams**, C.M Higher Secondary School                                       2017 - 2019

## SKILLS

| | |
|---|---|
| **Technical Skills** | Python, C, C++, HTML, CSS, JavaScript, Django, MySQL, React JS, GitHub |
| **Soft Skills** | Problem Solving, Critical Thinking, Complex Coding |
| **Coding Profiles** | LeetCode , GitHub |

·

## EXPERIENCE

**Online Tutor**                                                                Oct 2022 - July 2023
Focus Edumatics Private Limited                                                 *Coimbatore-TamilNadu*

- Developed and managed online learning tools and resources to provide students with an effective learning environment.
- Utilized a variety of teaching methods to ensure students of all learning styles were successful.

**Software Trainer**                                                            Feb 2024 - Present
Livewire Technologies Private Limited                                           *Tuticorin - TamilNadu*

- I am dedicated to bridging the knowledge gap and empowering individuals and teams to excel in software development.
- My expertise lies in designing and delivering comprehensive training programs that encompass the latest industry trends.

## PROJECTS

**E-commerce Website (ACWID):   "HTML — CSS — JavaScript — MySQL — Django"**
Led the front-end development efforts for the ACWID E-Commerce Platform, a dynamic online marketplace catering to a diverse range of products.

**Text to Speech using API: "RestAPI — HTML — CSS — JavaScript"**
I've developed a Text-to-Speech web application, taking cues from Google Translate. This project features a wide array of language functionalities, specially designed for deaf and mute individuals.

## EXTRA-CURRICULAR ACTIVITIES

- Frequent participation in coding challenges in LeetCode, showcasing problem-solving abilities and staying updated on cutting-edge technologies.
- Dedicated to continuous self-improvement through avid reading, fostering intellectual curiosity.

## LEADERSHIP

- Mentoring junior developers, and interns on coordinating project tasks, and implementing best practices to ensure the timely delivery of high-quality web applications.
